

**Stonehill Community  
Architectural Committee Meeting  
August 15, 2010**

Attending: The August Architectural Committee business was held via email. The following results are compiled from the feedback received from those Architectural committee members who responded.

**Welcome**

Welcome to Joan Tully, the newest member of the Architectural Committee.

**Requests**

**Unit 805**

Replace front screen door with a screen door approved by the Association. It is a Larson retractable screen door, model 830-82, brown with brushed nickel handle.

**The committee recommends approval.**

**Unit 881**

Re-arrange the current plantings in the area behind the homeowner's building. Suggest filling in the area by splitting the current day lilies to create a border and possibly adding some additional perennials to fill in the center if needed.

**The committee recommends approval.** This planting is maintained by the community. The homeowner at 881 requests permission to remove weeds and generally make it more attractive. Maintenance will remain with the community.

**Next Meeting: TBA depending upon the date of the next Board meeting. The date, when set, will be sent to Committee and Board members by email.**

Darlene Conzett,  
Chairperson, Architectural Committee
