

**Stonehill Community
Architectural Committee Meeting
September 19, 2010**

Attending: The September Architectural Committee business was held via email. The following results are compiled from feedback received from those Architectural committee members who responded.

Requests

805 - Remove current cement patio and replace with either plain concrete or exposed aggregate. (Depends on cost)

(The Association has some responsibilities with this patio replacement and those issues have been forwarded to the board.) This request is in accordance with the community's guidelines for replacing patios.

The committee recommends approval.

813 - Replace the deck/balcony on the main floor of the unit.

(This replacement requires re-attachment of the railing and replacing the wooden flower box planter. These two issues are also the responsibilities of the community.)

The committee recommends approval.

Next Meeting: TBA depending upon the date of the next Board meeting. The date, when set, will be sent to Committee and Board members by email.

Darlene Conzett,
Chairperson, Architectural Committee
